Re: Request to Proceed in Circuit Court

DOR Case No.: 2002237972

Parties: Molly Jacobson and Jake Jacobson

To Whom It May Concern:

I am writing in response to the **Notice of Proceeding to Establish Administrative Support Order** that I received from the Florida Department of Revenue.

Pursuant to the instructions contained in the Notice, I respectfully request that the issue of child support be addressed by the Circuit Court rather than through the administrative support process.

The parties are currently involved in an ongoing family law case in the **Circuit Court for Pinellas County, Florida**, in which the court has continuing jurisdiction over matters involving the parties and their minor child. Because related issues concerning the parties and the child are already before the Circuit Court, I respectfully request that child support likewise be addressed in that proceeding.

Please process this request in accordance with the Notice and advise me of any additional information or documentation that may be required.

Thank you for your attention to this matter.

Respectfully,

A handwritten signature in black ink, appearing to read 'Molly Jacobson', with a long horizontal flourish extending to the right.

Molly Jacobson
